

**What are your views on cheating?**

If you cheat, you are likely to get Aids. I'm scared of cheating and that is why I love only one person so intensely.

**What is your take on HIV/Aids?**

I am scared of Aids. I have a family member who is HIV-positive. *Soul City* is an eye-opener to young people that we should abstain and be proud of our bodies. No matter what your background is, be proud of your body.

**PERSONAL**

**Are you seeing anyone?**

Yes. We've been dating for nine months now.

**Why did you break up with Bongani Masondo, who plays Bafana in *Tshisa*?**

We broke up after a year and six months of dating because we had so many things we didn't agree on. Our relationship was also affecting our work.

**Do you still believe in love?**

Yes. But I unfortunately still don't trust men. My mother is always telling me: "Men think with one head and not the one on top of their shoulder." I agree!

**WHAT MBALI LIKES**

I love hiking, dancing, singing and going out.

I want to bungee-jump one day.

*Soul City* is on our screens every Monday night at 8:30pm on SABC1. ❖

Left insert: Mbali is best known for her role as Precious on the popular SABC1 drama, *Tshisa*. It's this popularity that made her a hit with the schoolchildren of Alexandra on the day of our shoot. Right: A strong, independent woman, Mbali's inner beauty shines through. It's no wonder her acting career is going from strength to strength.
